THE PERFECT LOCATION

Lisbon is a wonderful city, full of characterful districts, outstanding tourist attractions and vibrant nightlife.

It's on its way to becoming one of the places to be in Europe, to live and do business in (confirmed by the Financial Times/fDi Magazine which for the first time placed Lisbon on a list of "European Cities & Regions of the Future" 13-2012).

EASE OF TRAVEL

One of the main advantages of being in Lisbon is that it's the closest European capital to the United States and to South America, particularly to booming Brazil.

There are more flights from Lisbon to more cities in the former Portuguese colony than from any other city in the world.

Lisbon also maintains privileged ties to its former African colonies, especially Angola. It's also less than one hour away from Madrid with several flights every day, and about two and a half hours from Paris and London (it's the only capital in mainland Europe sharing the same time zone with the British capital).

Being on the edge of Europe also means that the ports of Lisbon, Sines and Setúbal are gateways to the old continent and to a market of 250 million Portuguese speakers around the world.

BEST BEACHES IN EUROPE

The beaches in Lisbon and the area are among the best in Europe.

It is very interesting to say that most European capitals are located far from the coast but Lisbon is one of the very few exceptions

Near the city center and relatively close to its numerous attractions are Praia de Santo Amaro and Praia de Carcavelos.

Besides its beautiful beaches, Estoril and Cascais offer a large number of great restaurants and places to have a cold drink after a long day at the beach. The superb shoreline attracts lovers of surfing, swimming and sunbathing.

ONE OF THE SAFEST CAPITALS IN THE WORLD

The risks of becoming a victim of a crime exist everywhere. However, they are generally much lower in Europe than in other parts of the world.

In fact, from the top 10 safest countries in the world 7 are located in Europe.

Talking about that, Lisbon stands out as one of the safest places on the continent to live.

The city competes with other European capitals such as Vienna and Helsinki and is one of the three safest European metropolises.

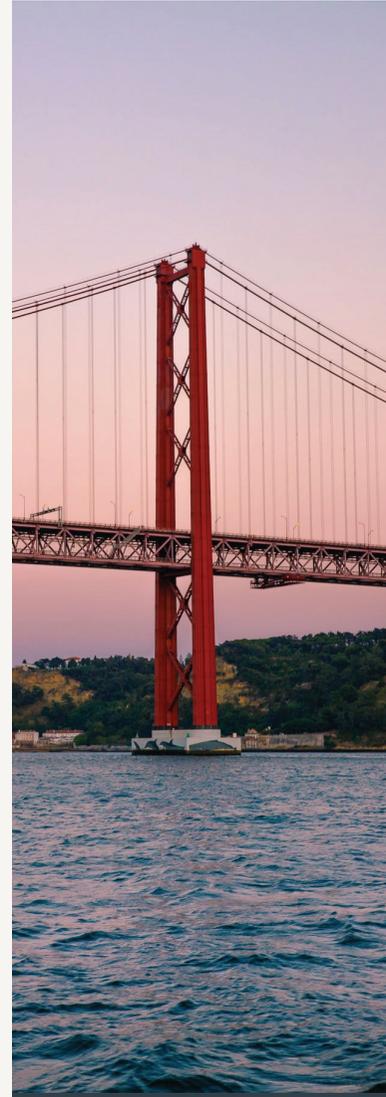

AFFORDABLE LIVING

Lisbon has a pretty good reputation of being an affordable destination. It is considered the city with the best prices of goods and services in Western Europe.

A person can live a great lifestyle in the Portuguese capital without spending too much money.

If you live with the same incomes in a city such as London, Oslo or Paris, you will definitely find a huge difference.
